WELCOME TO BROOKVEX IMS

Brookvex is one of the UK's leading specialists in multi-disciplinary infrastructure and fit-out projects. We provide a high quality service that is delivered in line with our clients values and goals. We have built a reputation for innovative solutions that are delivered on time, safely and to budget.

As a privately owned family business, we place customer satisfaction at the forefront of everything we do. Our non-adversarial and collaborative ethic is focused on safely completing your projects.

Our experienced teams are able to provide pre-construction advice to develop cost effective and time saving solutions that can be delivered by our integrated divisions.

Since formation, our growth has been entirely organic and customer-led. We are extremely proud of the high level of repeat business that we have achieved with long-standing, high-profile clients across all sectors of our business

ABOUT BROOKVEX

BROOKVEX VALUES

BROOKVEX POLICIES

Brookvex – Mission Statement 2020

“To become and remain the Partner of Choice for all aspects of infrastructure solutions”

Great People Doing Greater Things Everyday

Our Mission

Brookvex mission is to be the partner of choice for all aspects of build solutions by leading by our values. We already have an impressive portfolio of complex multi-disciplinary work. The size and strength of our capabilities means we can deliver truly integrated solutions.

Safety

At the forefront of everything we do. We have an absolute commitment to safety, health, environment and quality.

Profitability

Profit is freedom. We look after our shareholders and guarantee that they see value for money and a profitable business.

Quality

Quality is key to competitiveness. We believe in delivering on time and on budget to a very high quality standard, which we are proud of.

Respect

We have respect for our colleagues, our clients, the communities we work in and the environment.

ABOUT BROOKVEX

Integrity

We do what is right. We are honest and ethical, worthy of the trust of others. It is the price of entry to our team.

BROOKVEX VALUES

Respect

Respect guides the way we operate at all levels – with consumers, customers, suppliers, investors, the community and our own team.

BROOKVEX POLICIES

Collaboration

We believe in the power of working together in a collaborative way. Every function and every role is as important as each other.

People

People are the heart and soul of our business. We continually strive to provide a safe, supportive and engaging environment for our team to achieve their full potential.

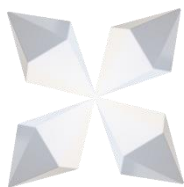

Community

We are proud to be part of the communities we operate in globally. We are committed to supporting local causes and operating in an environmentally responsible manner at all times.

Innovation

Creative thinking inspires innovation in everything we do. We seek and value ideas from our team that improve our products and provide meaningful benefits to our consumers and customers.

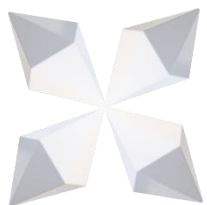

Our Policies

Our policies are an essential connection between our goals and actions.

[ABOUT BROOKVEX](#)
[BROOKVEX VALUES](#)
[BROOKVEX POLICIES](#)

1. They reduce the repetitive rethinking of all the factors in individual decisions; they save time.
2. They help each manager to understand the range within which they can make decisions
3. They specify routes towards selected goals, our policies helps in evaluating performance.
4. Our policies are control guides of delegated decision-making.
5. Our policies ensure good administration and implementation - naturally improving the working environment
6. Brookvex's policies help to clarify our objectives, guide planning for future operations, aid all in reaching operating decisions, facilitate overall coordination and control and act as yardsticks for evaluating the quality of people and delivery.

Communications

For over 30 years, Brookvex IMS has supported leading infrastructure contractors and stakeholders undertake complex works via Design & Build, Renewals and Maintenance. The result of this long-standing ongoing activity has produced a team of highly experienced specialists who fully understand the standards, the relationships and complexities of delivering works in a highly regulated environment.

Electrical Engineering

Our engineering teams have numerous years of experience in plant and processes, encompassing Airports, Rail, Defence, Public Health and Education

- LV Distribution
- Wiring and cable management solutions
- LED energy-efficient lighting solutions
- Small Power
- Fire detection and protection
- Generator and UPS systems
- CCTV, access control and security
- Data and telecommunications / Audio-visual

Specialists in Closed Circuit Television, Access Control
and Integrated Systems

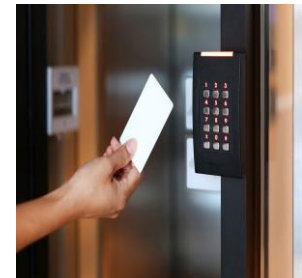

CCTV & ACCESS CONTROL

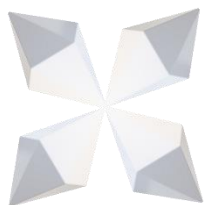

We've been installing dynamic CCTV networks for over two decades, working on challenging projects nationwide. We always focus on meeting the needs of our clients, establishing their surveillance requirements and then using our in-depth knowledge of CCTV installations to choose the right products for them.

Our CCTV systems utilise the latest IP cameras as standard and we take pride in installing the most reliable systems including Hikvision, Samsung, Avigilon and Axis to name but a few. Our CCTV systems can be monitored from your phone, mobile or tablet device to review live cameras and captured footage. We can fully design and build a Video Surveillance Room for your business, and fully incorporate a reliable and far reaching Security network into it.

Access Control

We offer a range of door entry and Access Control systems ranging from mid to high end. We have been a Gallagher accredited partner for over 14 years and have a wealth of experience on large networked multi-site systems. We are also fully accredited to install Paxton and Kantech systems. Should your requirement be one door or a thousand doors we have both the product and experience to fulfill your Access Control needs.

Life Safety Systems

Brookvex Fire offers a comprehensive design, installation, commissioning and maintenance service for all types of detection – including single-point smoke, heat and carbon monoxide detection, beam detection, wireless, air sampling (aspirated) and gas suppression systems.

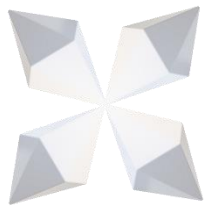

Services:

- ✓ Fire Alarms
- ✓ Fire Risk Assessments
- ✓ Passive Fire Protection
- ✓ Dry & Wet Risers
- ✓ Emergency Lighting
- ✓ Fire Doors
- ✓ Maintenance

Brookvex Fire will service all your fire alarm systems at least every six months, in accordance with BS5839. Our technicians carry a wide range of equipment to recertify any non-compliances or faults to ensure equipment is maintained in efficient working order, in compliance with the RRO.
